# SPOTLIGHT ON KRASNOZNAMENSK VISITS THE MUSEUM OF SPACE FORCES

(ПАРХОМЕНКО МАРИЯ МИХАЙЛОВНА, МБОУ ГИМНАЗИЯ №1, Г. О. КРАСНОЗНАМЕНСК, МО)

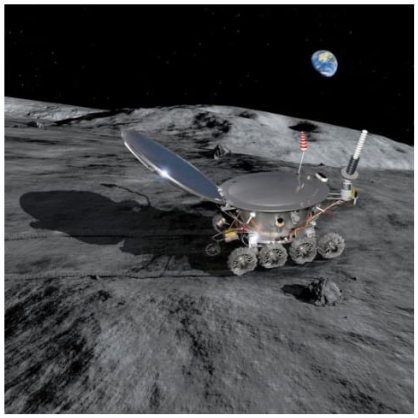

**Space Museum**

**We arranged a journey to a space museum. I didn't think it would like it that much, but it was a great experience.**

**Spotlight on Krasnoznamensk** visits the Museum of Space Forces

The museum was established on the basis of a directive of the general staff of may 4, 1984. A significant part of the exhibition is devoted to the history of the Command and Measurement Complex.

A separate page in the history of the Command and Measurement Complex is the work with the automatic lunar vehicle "Lunokhod", the simulator of which is presented in the exhibition.

The remote-controlled self-propelled vehicle "Lunokhod-1" is the world's first planetary rover. it was intended to study the features of the lunar surface, radioactive and x-ray cosmic radiation on the moon, the chemical composition and properties of its soil. The idea of creating a lunar rover was born in 1965 in OKB-1 (now RSC Energia named after S. P. Korolev). The designed automatic self-propelled vehicle "Lunokhod" consisted of two main parts: an eight-wheeled chassis and a sealed instrument container. The first attempt to launch the lunar rover was unsuccessful. Launched on February 19, 1969, the Proton launch vehicle with the first copy of the lunar rover exploded at the 52nd second of the flight. The next attempt was successful. On November 10, 1970, a Proton-K launch vehicle was launched from the Baikonur cosmodrome, which brought the Luna-17 automatic station with the Lunokhod-1 automatic self-propelled vehicle on a flight path to the Moon.

*The total time of active operation of the lunar rover (301 days, 6 hours, 57 minutes) is more than three times higher than the specified technical task.* The successful operation of the spacecraft lasted 10.5 months. During this time, Lunokhod-1 passed 10,540 meters, transmitted 200 telephotometric panoramas and about 20 thousand images of small-frame television to the Earth.

The exact location of the "Lunokhod-1" on the Moon for a long time was unknown to scientists. On April 22, 2010, American scientists were able to" feel " the corner reflector of the Soviet device using a laser beam.

**DISCUSS**

- What is the lunar rover designed for?
- Total time of active operation of the lunar rover?

**ACTIVITY**

What will happen to the exploration of the Moon and will we be able to fly to the Moon?

## Gagarin Park

**When you visit Krasnoznamensk You should definitely visit the park named after Yuri Gagarin. Read on to find out more.**

**Spotlight on Krasnoznamensk** visits Krasnoznamensk's park named after Y.Gagarin

This park was opened on October 4, 2011. In honor of the fiftieth anniversary of Yuri Gagarin's space flight. This significant event took place on April 12, 1961. Yuri Gagarin flight lasted only 108 minutes, but these minutes turned the life of mankind.

At the moment, the park is 9 years old. The park is very cozy. In this park you can walk with the whole family. It's small, but there are always a lot of people there. When you come Krasnoznamensk advise you to definitely visit this place.

Travelling

# Welcome to Krasnoznamensk!

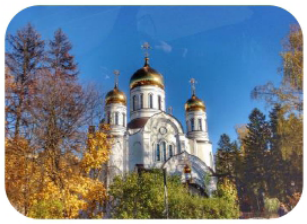

Krasonznamensk is a tiny town located in Moscow region. Spotlight on Krasnoznamensk kindly invites you to this small but rather extraordinary town. It will take you an hour to get here by bus from Moscow.

Krasnoznamensk has a lot of attractive places to visit, which will help you learn more about its history. It is not long but full of challenging events. It dates back to the time of the Great Patriotic War. A special regiment was founded in the forests near Moscow to provide a long distance communication for military aviation. Only in 1952, seven wooden houses were built here and the first brick house was put up only in 1957. The settlement was granted town status in 1981 and it was known until 1994 as Golitsyno-2.

The town hosts the Titov Main Test and Space Systems Control Center , named after the second Soviet cosmonaut German Titov. The coat of arms depicts three white stars on the red and white background. There is a monument to the conquerors of space, which looks like a rocket model. It was a present of Cosmodrome Plesetsk for the 30th anniversary of the town. Do not forget to have a look at the Memorial stone on the Alley of Memory, planted in 1981 by the veterans of the Great Patriotic War. The square of "Glory of the Russian Weapons" and the monument to Lenin, which was put up in 1982, are surprising attractions to see too.

In 1994 the town was renamed Krasnoznamensk. Its population nowadays is approximately 34000 people. More than 4000 students go to four secondary schools, which are considered the best schools in Moscow region. The center of art development of children, the youth culture center, a sport school are very popular with kids and teenagers. Krasnoznamensk is a beautiful town, clean and green, with many opportunities for rest and relaxation. You can go for a walk in parks, swim in the lake, feed ducks and other birds, sit in the cafes, and enjoy their friendly atmosphere and do purchases at the Zvyezdny shopping centre.

Our townspeople are very friendly to guests and always ready to make new friends. Come to Krasnoznamensk with your family or mates and enjoy your pastime here. We are waiting for you!

**Activities:**

- In pairs, discuss which attractions of Krasnoznamensk you would like to visit. Why?
- Collect information about interesting attractions of your native town.
- Act out a guided tour as if you are a guide.

**SPOTLIGHT ON KRASNOZNAMENSK** FOCUSES ON ITS MONUMENTS.

**Square of Glory of Russian Weapons**

Do you know the history of your town or city? Are there any monuments or memorials in the place you live?

### Square of Glory of Russian Weapons

The square of "Glory of the Russian Weapons" was founded in 1995. The tiled steps symbolizing the bloody years of war, lead to the Eternal Flame. "Katyusha", the Weapon of Victory, the symbol of the Soviet Army during the Great Patriotic War, was placed in the square in 1996. This original weapon actually participated in the war battles. In 2015, in the year of the 70th anniversary of the victory in the Great Patriotic War, the memorial to Veterans was constructed. It is made of stone and looks like a Guards ribbon. One can see the names of hundreds of soldiers and officers, our fellow citizens and relatives, who heroically struggled on the battle fields. Every year on the 9th of May thousands of our townspeople come to the square to watch the military parade and put flowers to the monument.

### Obelisk on the Mass grave

In 1960,in the outskirts of Krasnoznamensk, a pyramidal white obelisk with a red star on top was put up on the Mass Grave of the soldiers who were killed during the Great Patriotic War. The memorial plaque reads, "Glory to the heroes who heroically died in 1941-1945". The names of seventeen warriors are carved on the pedestal of dark marble. Seventy unknown were transported here from the village of Butyn, Odintsovo district. Later, in 1975, the remains of the serviceman Nikolai Ivanovich Istomin were moved here from the village of Polygon-1. Every year, the people get together at this memorial in the sign of respect for those who gave their lives for our motherland.

### Monument to soldiers-internationalists and soldiers of local armed conflicts

On February 15, 1989, the last regiment of the soldiers left Afghanistan after a long-lasting war that scorched the lives of thousands of our compatriots. In 2011, the monument to soldiers-internationalist and soldiers of local armed conflicts was opened in Lenin Square in Krasnoznamensk. This monument is devoted to our thirty citizens who gave their lives in armed conflicts abroad. Every year, on February 15, the Day of Remembrance of those who performed their official duties outside the Fatherland, veterans, military commanders, town authorities and residents get gather at this monument to honour their memory.

MONUMENTS

## Spotlight on Russia finds out more about famous monuments

The Afghan war is a shadow on the fate of many of our compatriots. Bloody years of the war should not be forgotten. In 2011, a monument to soldiers- internationalists and soldiers of local armed conflicts was opened on Lenin Square in Krasoznamensk.

Every year, on February 15, veterans, military commanders, city leaders and residents gather at this monument to commemorate the Day of Remembrance of the Russians who performed their official duties outside the Fatherland. On February 15, in 1989, the last column of Soviet soldiers left Afghanistan after a long war that took the lives of thousands of compatriots.

Krasnoznamensk is home to those who fought in the battles of Afghanistan, Korea, Algeria, Egypt, the Yemeni Arab Republic, Vietnam, Angola, Laos, Syria and other states. According to historians, over the years in armed conflicts outside Russia took about one and a half million of our fellow citizens, 25 thousands of them did not return home. The eternal memory of those who did not return home from a foreign land is engraved in a granite stone in the shape of a star.

"It's not true that they don't exist! Everyone remembers all their faces and knows their names. They are always with us, " claims the inscription that is carved on the red stone. The sands of a foreign dry wasteland as a symbol of inhumanity of war are depicted on the monument. Looking at the monument we can witness helicopters flying and monitoring the territory "beyond the river", shooting the militants from the air and taking the wounded to medical centers. A courageous Soviet soldier with a machine gun at his hip is like a guard and a brother for all of us at all times. He shows us that bravery, honesty and courage still exist and are valued.

# THE DAY OF FAMILY, LOVE AND FIDELITY

(КУЛАКОВСКАЯ АЛЛА АНАТОЛЬЕВНА, МБОУ ГИМНАЗИЯ №2, Г. О. КРАСНОЗНАМЕНСК, МО)

**The Day of Family, Love and Fidelity is celebrated every year on July 8th. The Day is celebrated by the majority of citizens, not focusing on their own wealth, age and social status.**

**Spotlight on Russia finds out about the traditions of FAMILY DAY in Krasnoznamensk.**

In the Orthodox calendar on July 8 is a day of celebration of Saints Peter and Fevronia of Murom, which is the embodiment of everything that's involved with the perfect model of Christian marriage. This holiday is already a symbol in the form of chamomile and medal, is awarded best families that have been married for many years (usually more than 25), as well as families with many children, for their love and loyalty. On one side of the medal - the image of the symbol of the holiday (chamomile), on the other - the faces of Saints Peter and Fevronia.

It is believed that love like that of a married couple is almost never found in our world. Peter and Fevronia are directly related to the holiday, they are the best example for all couples in love, because the spouses lived with each other in grief and joy, wealth and poverty, even death did not separate the holy couple. It is customary to turn to the holy married couple Peter and Fevronia to pray for love, family marriage, the opportunity to live in harmony and prosperity. On the Day of Family town people ask their parents for a blessing for wedding. When addressing the holy spouses, young people ask for great, true love, while older people ask for family happiness.

Many young people believe that marriage, concluded on July 8th, promises a long family life that can become wealthy and happy. In this regard, many couples decide to marry on the 8th of July. It is believed that on this day mermaids go deep into the water, so you can let your beloved men go fishing. The town hosts competitions among fishing enthusiasts. Parishioners visit the church to pray to Peter and Fevronia for the happiness of families, loyalty, mutual understanding, strong love and health of loved ones. You can celebrate the holiday with your loved ones, create unique traditions.

Family Day is a young holiday that doesn't really have rich and valuable traditions. Usually in the context of the Day of Family in the town The Neptune Day Holiday is organized and summer season "Games of Our Yard" starts. The entertainment program includes a variety of games and contests. Remember that spending time with your family, good relationships with your loved ones, is the most important thing. Children take part in the preparation and celebration of the holiday, because in fact it is a special day for the family.
Life from the time of Peter and Fevronia, naturally, has changed beyond recognition. But there are also eternal values, which include love and family, and which for any normal person are the main meaning of life.

**Activity**

**Explain the traditions of your family to your classmates. What is the entertainment program suggested in your native town on The Day of Family, Love and Fidelity?**

# A MONUMENT TO V.I. LENIN

(ЛАТУТИНА ТАТЬЯНА ИВАНОВНА, МБОУ ГИМНАЗИЯ №2, Г. О. КРАСНОЗНАМЕНСК, МО)

MONUMENT

**What famous person has many monuments created in Russia ? Guess, please.**
**I think any pupil, and even a foreigner who has visited our country at least once can give the answer to this question.**
**Of course, the famous revolutionary and organizer of the Great October Revolution, Vladimir Lenin.**

**SPOTLIGHT on KRASNOZNAMENSK tells about the monument to V. Lenin**

The town of Krasnoznamensk has no ancient history, like many towns and cities in the Moscow region. It' s important to write and create its own history. And this monuments ties us with the history of our Motherland.

Monuments to V. I. Lenin can be found in every region, they are in villages and in small towns and big cities, and they are found in children's camps, at the railway stations and in the museums. However, this monument to V.I. Lenin in the center of the town has interesting facts.

On October 30, 1982, the grand opening of the monument to V. I. Lenin took place on the central square in front of the House of Culture. The height of the monument is 6 meters.

The bronze monument to the leader was made by the sculptor Lev Yefimovich Kerbel at the request of Fidel Castro, who, after the monument was ready, asked the sculptor to create a monument made of granite or marble, since bronze was not suitable for the climatic conditions of Cuba.

The commander, Lieutenant-General Nikolai Fedorovich Shlykov asked for the installation of a monument on the central square of Krasnozmensk. The granite blocks for the foundation were delivered from Karelia, the bronze sculpture of the leader-from the art casting plant of the city of Mytishchi.

The monument to V. I. Lenin was placed on a pedestal in the light of searchlights. On October 30, 1982, a week before the celebration of the 65th anniversary of the Great October, its grand opening took place in the presence of citizens and guests.

To sum up, all citizens are pleased to have this piece of rich history of our country.

# KRASNOZNAMENSK – THE CITY OF INSPIRATION AND DREAMS. COAT OF ARMS

(АНИКУШИНА ЛАРИСА ИВАНОВНА, МБОУ ЛИЦЕЙ №1 ИМ. Г.С. ТИТОВА, Г. О. КРАСНОЗНАМЕНСК, МО)

## Krasnoznamensk - the city of inspiration and dreams.

The city of Krasnoznamensk has no ancient history like many cities of the Moscow region, its history dates back to the times of the Great Patriotic War. Currently Krasnoznamensk is a city district of the same name Krasnoznamensk as the only settlement in its composition. The Main Test Space Center named after G. S. Titov is the city-forming basis of the city. Krasnoznamensk has the highest birth rate in the region; the average age of city residents is 36 years. Young families are the significant part of the city population. The city has a highly developed infrastructure catering for young families needs: schools, a center for the development of children and youth creativity , a modern sports complex "Zarya", a youth center.

## Coat of arms

Coat of arms of the city district Krasnoznamensk was adopted in 1996. The author of the emblem project was the resident of Krasnoznamensk Yuri Palibin. The Coat of arms corresponds a remarkable history of Krasnoznamensk/ Red color (scarlet) a shield similar to the red banner, a symbol of military and labor victories, allegorically indicates the name of the city district. Three stars on the red field of the coat of arms symbolize the awards received by the city-forming enterprise of the city district for space exploration (1977, 1982 and 2001). Silver besant about three rays-an allegory of an artificial satellite of the Earth, the flight of which was controlled by the central command post of the command and measurement complex. Seven small stars in the head of the arms, located in silver besant represent satellites that are located in three zones of near-earth space in height, which controls the Main test space center named Titov.

# SPOTLIGHT ON KRASNOZNAMENSK TELLS ABOUT ITS HISTORY

(БАРТЕНЕВ АЛЕКСЕЙ ДЕНИСОВИЧ, МБОУ ЛИЦЕЙ №1 ИМ. Г.С. ТИТОВА, Г. О. КРАСНОЗНАМЕНСК, МО)

History

Everyone has got his native town. It is the place where you were born, grown and get acquainted with the world.

## Spotlight on Krasnoznamensk tells about its history

My name is Aleksey Bartenev. I'm in year7 at Lyceum #1 named after G.S. Titov, who was the second soviet cosmonaut. I want to tell you about my native town Krasnoznamensk that has become the best place for me.

Our city is not very old. It was established between the military base of space communication and Sidorovskoe village. At first it was a small settlement for soldiers where you could only find a library, a canteen, 'banya' and only ten houses. Later, in the middle of the sixties, it became a village called Golitsino-2. The first kindergarten and a hospital were opened in 1963 and the first middle school was opened in 1971.Now there are four schools. Gradually, the conditions for prosperous life were created.

Krasnoznamensk got its current name in 1977 as the Center of Space Flights which was located in our city and was awarded the Order of the Red Star. And on the 14th of September 1981 Krasnoznamensk became a restricted area.

Nowadays our town continues its developing. The people here are friendly, helpful and hospitable. My town is really green, safe and convenient place to live.

Whenever you visit us, you will always find something interesting to do or to see. Krasnoznamensk gives you opportunity to develop your skills and abilities in many spheres. For those who like sport there are two modern swimming pools, a football stadium, lots of playgrounds and several tennis courts. For art lovers there is a musical school, four museums, dancing and painting clubs. All of them are opened for children all year round. For example, when I was a small boy I went swimming in the swimming pool and attended painting courses in the "Officer's house". Now I'm a goalkeeper in local Sport's club football team.

Every time when I come back with my family from my long holidays, I'm happy to meet my native town and my friends.

ART

There are many special schools in Russia to develop your skills and talents. What to play music instruments and dance? Then come to our music school!

## Spotlight on Krasnoznamensk introduces you renovated music school

Art plays an important part of my life. I really love music and dancing. For 5 years I have been studying at the music school of the city of Krasnoznamensk at the choreography department. I really liked the school, it has been built recently and has got new equipment. I did folk and classical dances, danced in folk shoes and a dance tutu with pointe shoes.

Despite the fact that I studied at the choreography department,

I also played the piano and studied the history of the ballet. Every semester I had exams. I had to prepare a lot and passed well. We also often went to various competitions, and even performed at international ones, in Bulgaria. We have many awards, diplomas and grand prix.

After graduating from music school, having received a certificate, I continued to dance. I love it so much and got used to it that I could not part with art. The sense of responsibility, the feeling of anxiety in front of the spectators and the feeling of complete satisfaction after a successful performance cannot be compared with anything. Now I can no longer imagine my life without dancing.

# CITY PARK

(ГОЛОВИНА НИНА ЮРЬЕВНА, МБОУ ЛИЦЕЙ №1 ИМ. Г.С. ТИТОВА, Г. О. КРАСНОЗНАМЕНСК, МО)

City park.

There are many famous places to visit all around Russia, but one place in particular is my town Krasnoznamensk.

*Spotlight on Krasnoznamensk takes you into the*

*Intresting place – our city park.*

Now I will tell you about Krasnoznamensk city park. It is situated in natural coniferous forest. This park has relaxing and activity areas. For those who like fishing and swimming there is a nice lake with two zones, for fishing and for swimming. For sun and sand lovers there is a fine beach. Our park is really cute place for healthy lifestyle fans. There is a biking trail with interesting landscape and sportsground. Many people like jogging round the lake. For family rest there is nice B-B-Q area just in the forest and cool playgrounds for kids. To feel yourself close to nature one can walk along picturesque roud through the forest.

This park has become the most popular place in Krasnoznamensk. In our park they often arrange various city activities like concerts, fireworks shows, festivals and city anniversaries. In winter citizens skate, ski, slay and play snow balls. In all cities parks play important part because nature is the best place to chill out and spend free time. Closer to nature you can clear your mind and let brain relax. After spending time in park you can work easier and better.

**Famous person**

Do you know the names of contemporary poets? Do you like to give a hand to other people? Then read about an outstanding woman.

## Spotlight on Krasnoznamensk introduces a poetess.

Leonova E. V., a well-recognized and respected poetess in Krasnoznamensk, was born on the Volga on September 13, 1958. She is an amazing person who believes in all good things and does a lot for the citizens of our town.

Her love to literature led her first to choose a profession of librarian and later she started writing poems. In 1978, she got a degree of librarian at the Volgograd Cultural and Educational School. Her poems are songlike, and the poetess finds it difficult to say what came first - the lines or the melody. She has published several collections of poems. Her books were warmly prized by the readers.

Elena is a sympathetic and warm-hearted person, who helps people a lot, especially veterans of the Great Patriotic War. Thanks to her indifference and the ability to listen a book dedicated to the 60 th anniversary of the Great Patriotic War "I will remember..." was published in Krasnoznamensk. The book contains memories of soldiers, poems and compositions of schoolchildren, photos of past years.

For many years Elena has been in charge of the museum of G. S. Titov at Lyceum named after the great second cosmonaut. She knows how to work with young people and children simply adore her. The life example of the poetess shows us how to live honestly and be devoted to our Motherland.

History

Do you think that all schools are the same? What makes school a special place to students? What is you idea of a perfect school?

Spotlight on Krasnoznamensk tells about the Lyceum named after German Stepanovich Titov

Hello readers! My name is Maksim Kazakov and I'm thirteen- year-old student of the first Lyceum named after German Stepanovich Titov. And I want to tell you about my remarkable school.

Our Lyceum was opened on September 1, 1989. More than 1300 people are studying at the Lyceum now. Our students have the opportunity to gain knowledge in various subjects in classrooms that are well equipped with educational and visual aids. For example, the Lyceum has 4 computer classes, a school local network, the Internet access and a multimedia library. Foreign language lessons are held in the language labs. Sport lovers, in addition to physical education lessons, are provided with sports sections on various types of sports. Our athletes have been the winners of the city sports competitions for more than 10 years.

As for high school students who want to gain additional knowledge, they can attend special courses in physics, mathematics, literature and computer science. Our students are creative and talented. They often take part in literary contests and folklore festivals. One of the most important Lyceum events is the military-patriotic game "Zarnitsa", w hich is hold in May to commemorate the Great Victory day.

Our students are taught to conduct scientific researchers at the Lyceum scientific society "Step into Science". Lyceum students confirm their knowledge by taking prizes at district, regional and All-Russian Olympiads in various subjects. More than ten Lyceum students were awarded a scholarship of the Governor of the Moscow region!

All in all my Lyceum is the place with calm and peaceful atmosphere. This is more than just a school that provides you with the necessary knowledge and skills, it also gives life experience of meeting creative and talented people that fill my heart with complete love and wonderful mood. And if you ask me, what else do I love about my Lyceum? I will simply answer: "My Lyceum definitely raised me as a kind and determined person."

Spotlight on Krasnoznamensk invites you to a school space museum.

**The G.S. Titov's Museum** was opened on the 11th of April, 2002. The museum is housed in spacious halls of Lyceum№1 and covers an area of 147 square meters.

The exhibition hall receives not only lyceum, but also their peers from other educational institutions of the city, as well as from patriotic clubs in the Moscow Region, Tula, Kaluga. Since the opening of the museum about 11246 thousand people have visited the museum. The visitors get acquainted with the expositions, meet with people who knew German Titov personally, Russian cosmonauts, veterans of the Baikonur and Plesetsk cosmodromes.

A great contribution to the creation of the museum was made by the relatives of Gernan Titov as well as veterans of space troops from the Baikonur cosmodromes and residents of Krasnoznamensk.

The museum displays portraits of all Russian cosmonauts who have visited the space. The visitors can also get acquainted with four books by G.S. Titov "My Blue Planet," "700,000 thousand kilometers in space," "Seventeen cosmic dawns," "In star and earth orbits." Students of the Lyceum participate in different museum activities. Lyceum students find information for thematic excursions and present fascinating excursions for visitors in Russian and English. Studying the funds of the museum, they are interested in the history of the cosmonautics development/ Students of the lyceum are proud of the space pioneers feat./ Музей (edumsko.ru)

# SPOTLIGHT ON KRASNOZNAMENSK INTRODUCES A CHOREOGRAPHIC ENSEMBLE

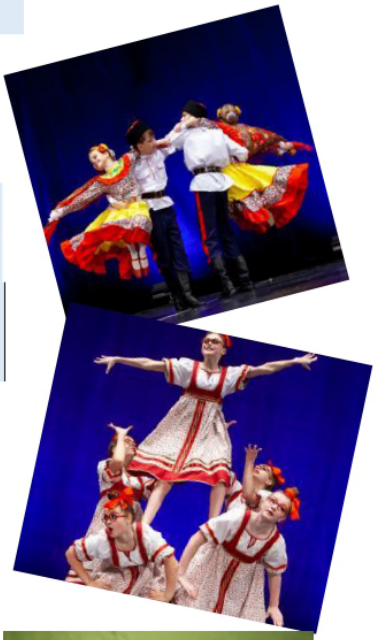

(МЯКОТА КРИСТИНА ЕВГЕНЬВНА, МБОУ ЛИЦЕЙ №1 ИМ. Г.С. ТИТОВА, Г. О. КРАСНОЗНАМЕНСК, МО)

Do you know the famous dance groups in Russia?
Do you know that almost every small town of Russia has its own ensemble, orchestra or artistic group?

**The Art of Dance**

**Spotlight on Krasnoznamensk**
introduces you a choreographic ensemble.

*Together we grow above ourselves! Because...Together we are «Solnyshko».*

The 1998 is the year of the foundation of the choreographic ensemble "Solnyshko" guided by Elena Kurilova. It's really a friendly team of teachers and more than 200 children.

Elena Kurilova, a graduate of the song and dance ensemble "Zaryanochka" of Stavropol, realized her long-standing dream to create a children's creative team. In 1998 she opens a dancing group at the House of Officers in the town of Krasnoznamensk. In 1999, the collective received its name "Solnyshko". And in the year of 2000 there were the first performances in the town.

A few years later new teachers come to the ensemble, including Yulia Solovieva, a trained choreographer. The band takes part in different concerts, including the performance on the 80th anniversary of the famous International children's centre "Artek" in the Crimea, goes on a tour abroad Berlin, performs in Spain and is awarded the 1st laureate. In 2009 for the preservation of folk traditions and culture "Solnyshko" is awarded vouchers to the Russian children's centre "Orlyonok" in Tuapse. Later come more and more concerts and performances. What makes really special though is that the ensemble has created more than 80 concert productions since then. Now the repertoire of the ensemble includes about 25 numbers: "Under the Apple Tree", "Terzky Kazachki", "Utushka", "Pryalitsa", "Derevnya" and many others. It has a lot of various awards.

The ensemble is a living being, where kids come, grow up and leave as complete personalities. Thanks to the atmosphere created by teachers here not only children, but also parents unite. "Solnyshko" is a real creative friendly family!

SPORT

Want to be happy and sound? Then play football!

**Spotlight on Krasnoznamensk** invites you to play football.

Hello, my name is Max Semenyuchenko. I want to tell you about my home town Krasnoznamensk, the town of great sport opportunities for young people and adults. Krasnoznamensk is a modern and green town with parks, play and sport grounds. There is also a bike lane that goes around the town and a lot of people enjoy riding bikes there.

Most of all we are proud of our modern sport school and all-year-round stadium "Zarya". The official opening of the stadium took place in 2003. At the moment, the stadium has a capacity of 4,000 spectators. The stadium has the unique lighting system on its roof. The dimensions of the football field are 105 × 67 meters. Thanks to the heated artificial lawn we can play football every day, even in winter. I have been playing football for seven years already.

The name of my football team is "Fortuna". Our football coach, Nicolay Alexandrovich Neyolov is highly professional and experienced person. He has taught us how to cope with different situations, to overcome problems and support each other in difficulties. My teammates are my best friends. They are supportive and reliable. We have played many games together and won a lot of prizes.

All in all, football has become a part of my life. I will never stop playing it because it helps me to express myself and makes my life happier.

# SPOTLIGHT ON KRASNOZNAMENSK LOOKS ON OLD MODERN ORTHODOX CHURCHES

(СЕМЕНЮЧЕНКО НАТАЛЬЯ АЛЕКСЕЕВНА, МБОУ ЛИЦЕЙ №1 ИМ. Г.С. ТИТОВА, Г. О. КРАСНОЗНАМЕНСК, МО)

History & Culture

There many interesting places see in Krasnoznamensk.
But one place in particular value to the citizens.

**Spotlight on Krasnoznamensk** looks on old modern orthodox churches.

## St. Nicholas Church

A small wooden five-domed hipped-roof church in the name of St. Nicholas the Wonderworker was built in the village of Sidorovskoye in 1648 by Prince F.F. Volkonsky.

The new owner of the village, Prince A.D. Shcherbatov, in 1680 erected a "stone hipped roof" church with wall and vaulted paintings with an excellent five-tiered gilded iconostasis in a new place.

In 1937 the temple was closed, the bells were removed, the icons were stolen or burned. The cemetery was subjected to sacrilegious mockery. St. Nicholas Church was renovated and opened in 1991.The church has a Sunday for children and adults, a charity canteen, a library, a video library and an audio library. A monthly parish newspaper is published.

## The Archangel Michael Church

On October 30, 2016 the Archangel Michael Church of Krasnoznamensk was opened for believers. The service was led by Metropolitan Juvenaly of Krutitsky and Kolomna. The event was attended by representatives of the city authorities and the clergy, military personnel, residents and guests of Krasnoznamensk. For the residents of Krasnoznamensk, all Orthodox believers, this event has become truly significant, since this is the first and only church in the city. The construction of the temple began in 2014 at the initiative of the city authorities and the parish of St. Nicholas Church with. Sidorovskoe. More than 1,500 families of Krasnoznamensk made a great contribution to the construction of the temple.

Masters from all over Russia worked on the interior decoration of the Archangel Michael Church: from the Moscow region, Voronezh, Rostov, Tula. There is a park area around the temple, on the territory of which more than 400 trees have been planted.

3. The future of human beings in space

**Gagarin was the first cosmonaut of the USSR. As in many Russian towns and cities there is the square named after him in the town of Krasnoznamensk too.**

## Spotlight on Russia find out more about Gagarin square in the town of Krasnoznamensk

For me and for many people space is something mysterious. But we are lucky because we are very close to this mystery. We live in the town of Krasnoznamensk. It is a closed military town, related to everything concerning space, spacemen and space flight control.

There are many places, streets and monuments named after our famous and beloved cosmonauts in our town. And one of such places is Gagarin square. On the 12th of April 1961 the Soviet cosmonaut Yuri Gagarin became the first man to travel into space. When he made the first space trip he was 27 years old. He spent 89 minutes in space, went around the Earth. The speed of a spaceship was over 17 thousand miles per hour. After this historic event Gagarin became a worldwide hero.

The townspeople honor the memory of the cosmonaut and always bring flowers to the square on significant days. This is a favorite place for everybody. People of different ages like to spend their free time there. They can walk about or sit on the benches admiring pines and fir trees all-around. Children's playgrounds are located near the square too, so even the youngest generation have a possibility to know about the great cosmonaut.

We are really proud to live in Krasnoznamensk, the town of interesting history and space achievements.

Krasnoznamensk

Krasnoznamensk, like and many wars cities, come on world in time the G. P. W. (the Great Patriotic War). In autumn 1952 year was built 7 small house for the military, forming two streets. The city didn't grow very fast - the kindergarten appeared here after 11 years, and after another 8-the first school. In 1981, the settlement was granted city status and name of Krasnoznamensk. Now, not only the military live in Krasnozmensk. Being inside the city, somehow you forget that it is closed. Ordinary houses, shops, cafes...

And also numerous and posters say that you are in a "space" city.

By the way, Titov and Shlykov are more revered here than Gagarin.

In Krasnoznamensk there are many monuments same as the honor roll of Krasnoznamensk with a model rocket, time capsule and more.

Several times a week, a fair is held near the "Lenin Monument", where you can buy various things.

Krasnoznamensk is located near the taiga, in which a lot of different animals.

In the center is the hotel "Snowdrop". They say that a room here costs 1,500 rubles, but to get it, you will have to explain who you are and why you live here.

What monuments are there in the text?

Where are the fairs held?

## Monument of Titov G.S.
## Sculptor S. A. Shcherbakov

The monument to the legendary pilot-cosmonaut of the USSR, Hero of the Soviet Union, the second cosmonaut of the planet Herman Stepanovich Titov was installed on September 28, 2012 in the memorial complex-the square named after G. S. Titov. The author of the sculptural composition is the People's Artist of Russia Salavat Alexandrovich Shcherbakov.

On October 4, 2012, on the day of the 55th anniversary of the launch of the first artificial satellite of the earth, the monument was officially opened. The opening ceremony of the monument was attended by the wife of the cosmonaut Tamara Vasilyevna Titova, family members, the commander of the Aerospace Defense Forces of the Russian Federation, Colonel-General O.N. Ostapenko and others.

The monument to G. S. Titov is 2.7 meters high and weighs about 1 ton. In front of the monument there is an arch in the form of 17 turns made by G. S. Titov around the Earth on the ship "Vostok". The project of the sculptural composition was previously approved by the family of German Stepanovich and the authorities of the city of Krasnozmensk. All works were carried out by the sculpture and production enterprise "Lit Art" from the city of Zhukovsky.
