Все начинается с детства

В народе говорят «где родился, там и пригодился». Всем нам кажется, что родной край – не такой как другие места, какими бы замечательными они ни казались.

Здесь, в своем городе, деревне, на улице, где рос, для каждого есть, что то особенное.

Городской округ Химки является одним из крупнейших округов Московской области, с развитой инфраструктурой, город, который в этом году стал ближе к столице, благодаря введению в строй МЦД. В этом году городу исполнилось 85 лет.

Хотя история Химкинской земли начинается гораздо раньше. Первые упоминания в исторических хрониках относятся к 11 веку.

Развитие этой территории способствовало открытию тракта Санкт-Петербург – Москва и железная дорога, которая связало 2 столицы. В 1856 году была открыта железнодорожная станция Химки, отсюда берет начало и город Химки.

Первые шаги, первые слова, первый учитель, все начинается с детства. Педагоги городского округа Химки подготовили материал по истории, географии, о достопримечательностях и известных людях для выпускников начальной школы в формате итоговой аттестации.

Задача учителей – познакомить младших школьников с историей родного края через иностранный язык.

Задания проверяют навыки чтения, умение ориентироваться в лексике и грамматике и письменной речи (написание письма личного характера по образцу).

Все эти задания готовят обучающихся начальной школы для перехода в среднее звено, где они в дальнейшем будут совершенствовать полученные знания на начальном этапе.

Каждый понедельник в школах России проходит очень нужный урок «Разговоры о важном», на котором учащиеся знакомятся с актуальными событиями современной жизни.

Посредством иностранного языка учителя предлагают учащимся интересные темы о родном крае, воспитывают достойного юного гражданина родной страны.

I can't swim yet, but I want to learn, so I take swimming lessons with a coach twice a week. I know that there is a tennis club in Khimki too. It is in our beautiful park of L.N.Tolstoy. I want to learn to play big tennis next year too. At the weekend I sometimes play basketball with my friends near MEGA shopping mall. There is a new great sports ground there. People who have built my city

Probably, Khimki would be different if she didn't live here. The city, which can be proud of its squares, parks and other places, was loved by Maria Rubtzova. This woman was just a citizen who tried to do as much as possible for her favourite town. She worked in communal services all her life and tried to improve every part of Khimky. She built park "Druzshba" and made our city greener. Today, Khimky is a modern city with shopping centres and traffic jams. There are even several swimming pools. However, every flower-bed reminds us about Maria Rubtzova.

Hi there! My name is Max. I am 10 years old. I have got a friend. He is elder than me. His name is Andrew. He lives in the city of Khimki. Once he invited me to visit Khimki and spend a weekend there. This city is one of the most beautiful cities in the Moscow Region. It is smaller than my native city Solnechnogorsk, but it is closer to Moscow. When I came to Andrew, we started our weekend in the Art Gallery named after S.N. Gorshin. I loved it there! There are a lot of nice and famous paintings there. Then we went to the wonderful Culture and Leisure Park of Lev Tolstoy. We rode marry-go-round, Ferris Wheel and many different attractions, ate ice cream and hotdogs. After that, we went to Andrew's house and had a great dinner with his friendly family. Andrew's family is bigger than mine. He has got lots of siblings and cousins. In the evening, we attended Drama Theatre "Nash Dom" and watched the play "Aladdin and the Magic Lamp". It was fantastic! Next day we visited Kinogorod Pilgrim Porto. It is a small fake town, where people film TV series. The buildings are old there and can fall apart, but still are very interesting. After that, we decided to go to the shopping center "Mega". There are a lot of shops, cafes, restaurants and even cinema. Park Tolstogo

My little sister and I often visit Park of rest Tolstogo. It is a wonderful and well-groomed park. There are a lot of trees, bushes and flowers. We always ride scooters along shady paths and try to find new playgrounds with slides and swings.

There are many attractions in the park too. I like riding on the race but my sister prefers riding the carousel. This summer a new Ferris wheel appeared in our park. It is one of the highest in the Moscow region. From the height of 50 meters, we can see new fountains and summerhouses, beautiful flowerbeds and an embankment.

When we have played and ridden, we buy some ice cream and go to the channel of Moscow River. Sometimes a squirrel jumps onto the path. My sister gives it a nut. The squirrel grabs it and runs away. We enjoy waving to the ships and admiring the railway bridge with running trains “Lastochka” and “Sapsan”.

However, suddenly... hippos! A whole family of hippos seems to be peeking out of the water. They hide on one of the playgrounds. These hippos are very funny! You can see a daddy hippo: he is the biggest one! There is a mummy hippo with a baby, another hippopotamus is sleeping and his brother is relaxing. There are seven of them. My little sister screams with delight and tries to ride one of the hippos. Khimki hippopotamuses are our local attraction. Tsereteli made the sculptures. Park Tolstogo is the best in Khimki!

Dear Friend, My name is Lena. I live in Skhodnya. I'm eleven years old. I go to school. Today we talked about the monuments of our district. And I found out that the monument to " Defenders of the Motherland" was build on May 9, 1966 in Khimki on the territory of the former town of Skhodnya. Today it is one of the districts of Khimki.

Local people call this monument "The Crying Mother". The monument itself was build on the Soviet soldiers mass grave. Every year, people of our town come to the monument with flowers on May 9 to remember our heroes.

I heard that you live in Khimki. Please, write me about your monuments and traditions. I hope to get an email from you soon.

(Unknown estates of Khimki)**

Pikino manor (former name was Dormilovo, Pekino) was located 2.5 km from the village of Chernaya Gryaz, which is on the Leningradskoye highway. On the seventeenth of August in 1989 the coat of arms was approved by Konstantin and Yuri Mochenovy.

Symbolism of the coat of arms. Clay jugs remind that the village was famous for potters. The soldier's helmet symbolizes the heroism of the defenders of Moscow in November-December in 1941. The tower of the Moscow Kremlin means that the village is located in the Moscow region.

The owners of Pikino in different years were well-known personalities: Lev Kirillovich Naryshkin (1689), Ekaterina Ivanovna Razumovskaya (1731-1771), Kirill Grigoryevich Razumovsky and others. In 1890 the estate of the village of Pekino was acquired by the peasant family of Fedorov Ivan, Sergey, Vladimir, Ekaterina and Natalia. One of Ivan Fedorov's descendants – Nikolay Victorovich Fedorov. At the moment he is living in the village of Lunevo in Khimki – next to Pikino and he has got a small village house in Pikino now.

Until the beginning of the 70-s of the 20 century, there were acacia bushes and a pond that reminded about the manor park. Currently, there is nothing about Pikino manor at present.

In 1941 during the Battle of Moscow the fascists tanks were stopped between Pikino and Poyarkovo (Khimki). Near Pikino there were combat vehicles "Katyusha". In the center of Pikino at the intersection of three roads on the mass grave of fallen soldiers, a monument was erected in 1965. A crew of three tankers is buried in a mass grave. First time I've visited Khimki was last year. My friend Julia lived there and she invited me to have a walk in Khimki. I thought that it is a little old city without any interesting things. But I was very surprised_ when I met this city. It has got a lot of interesting places like Tolstovo Park, Gorshin Gallery, Khimki Arena Sport Complex. There are a lot of parks and monuments here. people are kind and polite.

Last time we took a lot of photos, visited Gorshin Gallery. It was very interesting travelling.

People who have built my city

Probably, Khimki would be different if she didn't live here. The city, which can be proud of its squares, parks and other places, was loved by Maria Rubtzova. This woman was just a citizen who tried to do as much as possible for her favourite town. She worked in communal **services** all her life and tried to improve every part of Khimky. She built park "Druzhba" and made our city greener.

Today, Khimky is a **modern** city with shopping **centres** and **traffic** jams. There are even several **swimming** pools. However, every flower-bed reminds us about Maria Rubtzova.

Burger King fast food restaurant in Khimki

It is so nice to spend a coming weekend in the Burger King fast food restaurant. This place is located in League mall in Khimki. You can go with your family. The menu is different. You can eat in or takeaway. I prefer to order food in this restaurant. You can eat French fries, cheeseburgers, hamburgers, Whoppers and salads. If you want to drink you can choose yummy drinks: Coke, lemonade, mineral water, milk shake or tea. My favourite food is King box because it is very big. I usually drink orange juice because it is very tasty.

The history of Khimki

Khimki received its name from the Khimki River on which the previous settlement was founded. The **word** "Khimki" means "trifle" because the river was small. On the territory of modern Khimki there **were** some villages: Kurkino, Kozlovo, Kireevo and others. Station "Khimki" was **opened** on the way from Moscow to St. Petersburg on 1 November 1851. Only 39 **people** lived there. Later the station became a station village. There was a post office, a telegraph, chemist's, some **shops** and a restaurant. In 1920s, the first school appeared in Khimki **next to** the Park Tolstogo. Then a knitting factory, a brickyard and a furniture factory opened. Khimki became worker's village due to the building of the aircraft factory. Only on 26 March 1939 Khimki was renamed in a town – the center of Khimki region.
